

TEXAS A&M UNIVERSITY STUDENT HEADCOUNT BY NATIONALITY - Fall 2008

This chart does not reflect official 20th Class Day Census Data - Official University Census is available from the TAMU Office of Institutional Studies and Planning 845-7838
 Differences in numbers reported in official class day reports and the ISS headcount are primarily due to differences in state and federal reporting of international students and the need to reflect current enrollment vs. static data reports to the state.
