

F-1 CO-ENROLLMENT ENROLLMENT (CONCURRENT)

Note: “Concurrent Enrollment” means that a student is enrolled at two places at the same time. Texas A&M students who wish to enroll at another school instead of Texas A&M must see an International Student Services (ISS) Advisor for permission. This is only possible during school vacation periods (such as Summer) and if it is authorized. Students who enroll at the English Language Institute (ELI) must also submit a co-enrollment form.

An **F-1** student may co-enroll in two schools approved by U.S. Citizenship and Immigration Services (USCIS) if:

1. Attendance at the other school is with the **prior** written permission (this form may be used) of the Designated School Official (DSO) at the school where the student is enrolled in a degree program full-time (the one that issued the I-20). Failure to receive prior permission may result in the student losing legal immigration status.
2. The combined number of hours enrolled adds up to a full course of study (12 hours for undergraduates, and 9 hours for graduates) in major semesters and **at least half** of the total credit hours must be taken at TAMU*;
3. The coursework at the other school is not avocational and will be accepted for fulfilling degree requirements at the school that issued the I-20.

**There are only two cases where a student may take a majority of credit hours at another institution*

- *If the student is engaged in a full-time Cooperative Education program, authorized by an ISS advisor*
- *If the student is in their last semester of a degree program and the required courses are not available at Texas A&M University.*

Sponsored students must obtain a Sponsored Student Programs (SSP) Advisor's signature before submitting this form for an ISS Advisor's approval.

Sponsored Student Advisor's Signature and Date _____ (MM/DD/YY)

Students in a degree program at a school other than Texas A&M who wish to co-enroll here must obtain written permission (on letterhead) from their DSO and bring it to the advisor in the ISS office. Admissions questions should be directed to the Office of International Admissions by calling (979) 845-1071.

A new co-enrollment form is required for every semester a Texas A&M student co-enrolls. **A new form is required if approved classes on this form are changed in any way or if it is completed in pencil.** This form should be completed before registering at the new school. If a Texas A&M student co-enrolls and the ISS office has no approved co-enrollment form on file for that semester, the student will be considered to be out of legal status with USCIS.

Texas A&M students who wish to co-enroll must return this completed and signed form to an ISS advisor. A photocopy will be kept in the student file in the ISS office. **Please complete in blue or black ink.**

Student's Name _____ / _____	UIN _____
Last First	
Semester and year, you will co-enroll _____ Student's Phone Number: (H) _____ (W) _____	
<small>(A=Spring, B=Summer, C=Fall)</small>
